ART EXHIBITION BY FRANZISKA BEATE STEINER

«WASSER MALT BILDER»

I have been portraying water surfaces for two decades, whether in puddles, fountain troughs or in streams and lakes. The mirroring in the water keeps offering me diverse color combinations. They are always there, rarely noticed, and only become visible thanks to the highly developed technology of a camera.

It's a never-ending joy for me.

CURRENT EXHIBITION at the Hotel Metropole, Interlaken:

Hotel lobby, Foyer 1st floor and Panoramic Restaurant Top o' Met on the 18th floor.
